Conveniently located in the Mariner Ballroom of our host hotel, guests will enjoy a special Hollywood themed evening with celebrity impersonators, caricature artists and photo booths along with specialty foods and cocktails in the spirit of the Golden State.

AAPL's Annual Meeting brings together hundreds of energy professionals to provide education, business and networking opportunities that support and advance land professionals' careers. Lively social events offer informal environments for attendees to connect with old colleagues and make new ones. All special events are included in registration packages unless otherwise noted.

HOT PLAY HAPPY HOUR SOCIALS

AAPL's Hot Play Happy Hours have become one of the most progressive ways to network! Following the education program on Thursday, make plans to network and form new connections with others who work in your own business region at the happy hours, which are located across the street from the host hotel at the Huntington Beach House. Bring your clients to the happy hours, treat them to dinner afterward at one of Huntington Beach's many popular restaurants nearby and grow your business!

AAPL EDUCATIONAL FOUNDATION HORIZON BREAKFAST

This special event was created to celebrate and honor a trailblazing female land leader in the industry who has distinguished herself in her career, in the profession and has supported AAPL and its mission.

Join us for a fun-filled Friday evening with live entertainment, delicious food, dancing and visiting with landmen and their guests from all over the country. This year's theme is Landman Beach Bash. CRC THUMS Island was built back in 1965 to access the oil reserves of the Wilmington Field and today produces more than 20,000 barrels of oil per day from an integrated network of about 2,000 production and water injection wells. Earn 3.5 CEUs while learning more about this iconic island.

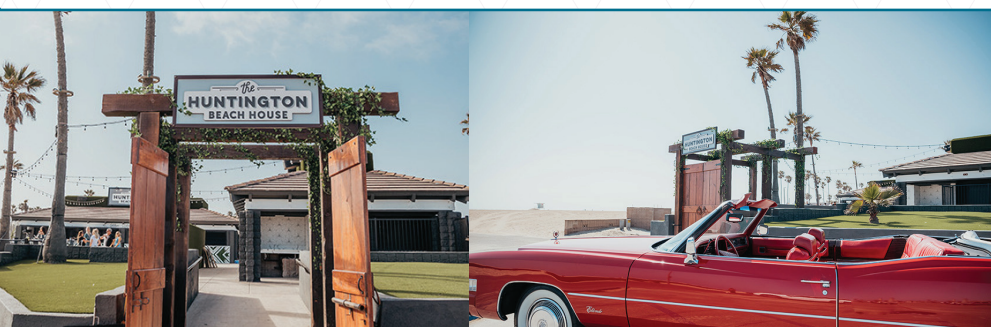

Signal Hill Petroleum is a privately owned California-based energy company specializing in responsible and sustainable exploration and production as operations co-exist with residential and commercial neighbors. Earn 4 CEUs on this field trip.

YOGA ON THE BEACH

Bring your towel and water and join us on the beach directly across the host hotel for yoga on the beach! The workout session will be on Thursday morning hosted by certified instructor and former landman Harriet Robinson. Designed for participants of all fitness levels, the workout will be held right on the beautiful Huntington Beach sand.
